leo™ RESPONDS TO THE DISMISSAL OF MTC'S COURT CHALLENGE

“Leo is very pleased with the High Court’s ruling to dismiss the MTC application for an interdict today. We view this as a huge win for the consumer. The effect of the Court’s decision is that the NCC ruling will be implemented on 01 March, which entails that no operator may charge more for a call to another network than the same call would cost on the same network. We also view it as unfortunate that seemingly one Network clings to old monopolies and exclusionary practices and refuse to be regulated. No one Network should be allowed to abuse its market share and we view the NCC ruling as a very encouraging sign for full and proper regulation in the telecommunications market. “
